Reckley for the Fall Rush.

Mr. G. M. Latham excelled himself last fall in buying his new goods. These goods are unusually cheap, and stylish this season and Mr. Latham has bought the hardware that he could find in the New York market.

Dry goods of all kinds, trimmings, shoes and notions have been selected with the skill of one qualified by long and successful experience, and the goods now displayed on his counters are as handsome as can be found in any of the larger cities. And they can be relied upon, as being the latest out and up to date in style. It is needless to add that everything will be found just as represented. No merchandise is offered with a high price tag, and the goods are sold at the lowest possible price.

The time of the season embraces the most beautiful and cheapest ever exhibited in Hopkinsville.

It is a disappointment more than anything else to be observed in the city. The result is that his stock of carpets has never been so well selected in the city.

Mr. Latham has just been awarded the contract to furnish uniforms for South Kentucky College and Bethel Female College making in all costumes for about 900 young ladies. He has also received the order to furnish the handsome Brussels carpets for the new Baptist Church, which have already been received.

In all lines, his goods have been marked down to suit the closeness of the times. His stock is not only the latest, but is at the same time offered at lower prices.

September is the best month to visit Dawson Springs, and if you want to stop at a quiet, well-kept house, try the Dawson House. The furniture is new, the rooms neat and pleasant, and the tables loaded with everything that is good. The house is kept by Mr. R. B. Kendall, from Todd county.

Eq. W. S. Davidson, the surviving magistrate in the South Hopkinsville district, and who was defeated by Eq. Morris in the recent convention for the Democratic nomination, under the new law that gives the district only one justice of the peace is again a candidate, since the death of Eq. Morris necessitates another nomination. As it is not likely that there will be any other candidates, the district committee will probably hold a meeting and declare Eq. Davidson the nominee. Eq. Davidson is a thoroughly capable man, popular and efficient, and in precinct No. 3, that he decided the former race, was only defeated by two votes, in the mass convention.

A number of the farmers are now cutting and husking their tobacco. In some fields they are making a clean sweep of the weed, while in others only a small portion of it is left. It appears that the yield in pounds will fall short of last year's crop from twenty to thirty per cent, but it is admitted by some of our best farmers and tobacco raisers that the crop is superior in quality to that of the crop of '93. There is much of the late planting that will not be ripe for two or three weeks yet and the chances are good for some of this character of tobacco to get tipped by the frost, as weather prophets say "Old Jack" will not be about the last of the month.

Mr. Long gave bond for his appearance before the circuit court next week. The parties concerned belong to prominent and highly respected families and have moved in the best society of Crofton. Miss Bourland is about 21 or 22 years old. The young lady made affidavit to the charge, as set forth in the warrant.

Smashed a Box Car.

As the O. V. Express, due here at 10 o'clock p. m., was nearing the old L. & N. yards, one mile south of Princeton, Tuesday night, it came in contact with a box car which had left the switch for the main track, and a considerable wreck was the result. The engine pulling the express jammed itself into the box car, and was damaged to such an extent that a new engine had to be ordered before the train could proceed. The box car was loaded with salt and things around were "salted down to a Queen's taste." No one was seriously injured but nearly all the passengers suffered a shock more or less. The express was delayed four hours and did not reach this city until about 2 o'clock, a. m., Wednesday.

It stamps Dr. Price's as without a peer among the baking powders. The jury of awards, an exceptionally intelligent body, was headed by the Chief Chemist of the United States Department of Agriculture. They found Dr. Price's Cream Baking Powder strongest in leavening power, perfect in purity, and of uniform excellence.
